Bioskills workshop Foot, anatomical approaches & surgeries

SFAS & IBRA Collaboration

Welcome to the fourth SFAS Bioskills Workshop 2025 in Bern

Dear colleagues,

We are excited to announce the 4th SFAS Bioskills Workshop, scheduled for the 29th of March 2025, at the Sitem-insel building in Bern.

This year's event will focus on the ongoing debate and advancements in **Minimal Invasive versus Open Foot Surgery**. The session will provide an in-depth comparison of the two methods, exploring which is best suited for different patient scenarios and surgical challenges. Participants will have the opportunity to improve their skills in a hands-on wetlab, working with cadaveric specimens to practice both minimally invasive and open surgical techniques. We would like to express our gratitude to our sponsors, IBRA, Nouvag and Phillips, for their support, which significantly contributes to the success of this course.

We look forward to welcoming you to Bern.

We are looking forward to welcome you to the Inselspital in Bern.

Dr. med. Petra Heil
Spitäler fmi AG, Spital Interlaken

PD Dr. med. Helen Anwander

Invest in your knowledge & skill development!

Your network for research and education

What is IBRA?

IBRA - a unique international network in research and continuing medical education

- I** - International transdisciplinary cooperation
- B** - Bone and tissue management for the best benefit of patients
- R** - Research and continuing medical education
- A** - Association for scientific networking

Why IBRA?

Our aim is to promote the exchange of professional knowledge, provide highly specialized medical training and encourage research as well as scientific developments.

What IBRA offers YOU?

✓ IBRA Virtual Campus

✓ Courses:

- Focused on Procedural Solutions
- Include Pre-Fractured & Deformed Specimen
- Infused International Exchange
- Delivered on Knowledge & Skill Transfer
- Regional & National Scheduled Options

✓ CME Accreditation

✓ Research Grants

✓ Training Center Locations across the Globe

✓ Scholarships

We thank our sponsors
